ABOUT THE PROJECT ($VIRTUE)

Crypto is the future of finance; Virtue coin is setting the pace by building a decentralized banking software which enables users send, receive, request and make utility payment offline and online with our very own virtuecoin token. We are securing partnerships with brands that best suits our ecosystem.

The rate at which Blockchain projects are emerging,it is difficult to get on the best project train and Virtue project is working to solve this problem. VIRTUE COIN is community oriented crypto for enthusiasts aimed at making transactions faster,secured and lowest gas possible.
